BACK FOR ROUND THREE and ready to screw and skew your synapses is BANZAI!!!!!! Thee Brain Child of dreamers and schemers Muffinhead and Eric Schmalenberger who once again bring together some of the most imaginative talents in today's nightlife, performance and modern art scenes for a creative commotion that is not to be missed.

With over 50 of the most WOWtastic artists from all over the New York creative scene, one can only imagine the sort of tasty tricky treats that await our blushing bashful Brooklyn. Aiming to immediately disrupt the context in which viewers can experience art and performance, !Muffinhead and Eric Schmalenberger werk to bring together some of the most innovative and crazed masterminds in the art world of today.

There is no hierarchy of media here and anyone willing to travel to the limits of their imagination or beyond has a home in their wild Wonderland. More than just an art event or a performance event, BANZAI!! cross-pollinates the best aspects of the creative community and allows them to infect, affect, effect, and deflect one another.

Come early for art gazing to warm up your mind and heart for the big live show at 10. For this go round of out of this world performance, BANZAI!!!!!! proudly presents the otherworldly creations of ALICE FARLEY DANCE THEATER, Modern Korean Geisha YOZMIT, everyone's favorite Cornstar BAMBI THE MERMAID, the Mystical Mistress of Tease MS. TICKLE, the gothic contortions of RACHEL KLEIN PRODUCTIONS, the transformative wonder that is DARREL THORNE and of course the "Crunktastical" DANGERKAT.

Following the big live show hang around for the late night dance party courtesy of DJ DIE J! MARS...and take a look around at the live installations put together by the candy-coated/knife sharp WONDERPUSS OCTOPUS INK, living hotness art poster child ARIEL BRICKMAN, and of course BANZAI!!!!!! mainstay the legendary SOIGNE DELUXE!!!

BANZAI!!!!!!: An orgy of absurdity that is ready, willing and waiting to take you on a odyssey of maximal proportions. So throw together your most intense look, pull on your most dangerous dancing shoes, leave logic at the door and JOIN US.
